Hailed as one of the most important portrayals of the dark years of Nazism, this powerful chronicle by the Romanian Jewish writer Mihail Sebastian offers a lucid and finely shaded analysis of erotic and social life, a Jew's diary, a reader's notebook, a music-lover's journal. Despite the pressure of hatred and horror in the "huge anti-Semitic factory" that was Romania in the years of World War II, his writing maintains the grace of its perceptive and luminous intelligence. The legacy of a journalist, novelist, and playwright, Sebastian's Journal stands as one of the most important human and literary documents of the climate that preceded the Holocaust in Eastern Europe.

Destiny brings two lonely people together in this moving love story by A J Cronin, one of the master story-tellers of our time. Dr Harvey Leith, brilliant research scientist, awakes from a drunken stupor to find himself aboard a liner bound for the romantic Canary Islands. His past life is in ruins, and his hopes for the future are shattered. But he meets the lovely Mary Fielding on the ship, also looking for a new purpose in her life. It seems to her that they have met somewhere before, in some other place, and that they are meant for each other. There is only one problem – she is already married. Dr Leith's life becomes inextricably involved with those of the other passengers and he gradually begins to forget the bitterness of the past. In the sultry atmosphere of Grand Canary he finds he has to conquer himself to achieve happiness.

Inspired by his time spent with wise sages in Asia in the 1930s, Paul Brunton (1898-1981) wrote The Hidden Teaching Beyond Yoga (and its companion volume The Wisdom of the Overself) at the request of these remarkable teachers, who recognized that he had a significant role to play in the transmission of Hindu Vedanta and Buddhism to the West. Brunton's books are a profound re-creation of the teachings of those two philosophical schools of thought, informed by the insights of deep meditation. Clearly written without the specialized vocabulary found in those traditions, the books speak directly to the contemporary spiritual seeker. The Hidden Teaching Beyond Yoga is a step-by-step guide to actually experiencing the spiritual truth that reality is formed within our consciousness rather than outside us in the world of material things. Brunton's expert analysis of perception, grounded in science, is designed to awaken us to our sacred foundation and to transform our personality into a mirror of that reality. Brunton prepares us for this journey by describing the attitudes, mental disciplines, and character traits that are beneficial for success in this quest. This new edition has been updated to incorporate the author's final revisions and includes an introduction by the Paul Brunton Philosophic Foundation.
