When it comes to the subject of genuine, substantive change, higher education is a paradox.&nbsp;On the one hand, we work in a field in which we constantly dev

**Change Leadership in Higher Education**  
Praise for Change Leadership in HIGHER EDUCATION. When it comes to the future of higher education, there are as many different opinions as there are stakeholders. But there is one thing deans, presidents, faculty, staff, students, and parents can agree on: change is needed. Change Leadership in Higher Education starts with this understanding. Instead of presenting yet another opinion about what to change, Jeffrey Buller addresses how leaders can create a culture of change in colleges and ...

**Seven principles for higher education change management ...**  
The culture often ensures that higher education's environments do not encourage faculty members to develop as academic leaders. Consequently, many institutions of higher education lack leadership-training programs for the average faculty member, even after someone commits to administration. But the limiting effects of this culture go deeper.
