Wajdan Bukhari *Rules of war (in a nutshell) / The Laws Of War International Humanitarian Law And The*

International humanitarian law (IHL), also referred to as the laws of armed conflict, is the law that regulates the conduct of war (jus in bello). It is a branch of international law which seeks to limit the effects of armed conflict by protecting persons who are not participating in hostilities, and by restricting and regulating the means and methods of warfare available to combatants .

International humanitarian law - Wikipedia

International humanitarian law is a set of rules which seek, for humanitarian reasons, to limit the effects of armed conflict. It protects persons who are not or are no longer participating in the hostilities and restricts the means and methods of warfare. International humanitarian law is also known as the law of war or the law of armed conflict.

*The UK and international humanitarian law
2018 - GOV.UK*

It is recognized today that human rights law is not generally displaced in times of armed conflict by international humanitarian law (IHL). Yet in large part this new insight remains to be particularized as to its actual consequences. In particular, IHL is still predominantly under the influence of the concept of military necessity.
