What experts are saying about You Can Train Your Dog!:

Pam Dennison has done it again! She has written a fabulous book about training dogs that will benefit both the pet owner and novice or professional instructor. This in-depth volume bears Pam's signature stamp of breaking tasks into small steps that make learning effective and fun for dog and human alike. When I think of Pam, I think of someone who really "gets" dogs and who stands out in her ability to teach using practical, simple, realistic, and effective dog-friendly methods. This wonderful book is chock full of easy to follow approaches that work with family dogs, working dogs, high-performance dogs, and dogs with problems. It is precisely because of its practicality and comprehensiveness that I plan to use this book in my Animal-Assisted Play Therapy training program. This is an absolute must-read for everyone who trains their own or others' dogs!

Risë VanFleet, PhD, RPT-S, CDBC Founder, The Playful Pooch Program, Author of the award-winning Play Therapy with Kids & Dogs and The Human Half of Dog Training: Collaborating with Clients to Get Results

Wow! This book has it all. From basics and animal husbandry through to Premack and control games. If we had more well planned books like this in our stores there would be less problem dogs on our streets! Pamela does a great job of deciphering the science behind dog training in this user friendly guide to having a great dog!

Nando Brown, IMDT, CAP2, FSG1, FFITT

I love how Pam makes the science and art of training a dog understandable for all caregivers. By using this book you will not only understand how your dog learns, but teach him step by step many important behaviours; from preparing him for vet visits to teaching him to walking on a loose lead. You can enhance the relationship you have with your dog and the relationship he has with you by reading this excellent book.

Every dog owner knows that along with the joy can come the stress and frustration of behavioral problems, which are expensive to diagnose and treat. Enter Kim Brophey, award-winning canine behavior consultant. Using cutting-edge research, Brophey has developed a groundbreaking system that allows owners to identify what their dog is struggling with, why, and how they can fix it. Brophey's approach is unlike anything that has been published before and will give dog owners a new understanding of what motivates and affects their dog's behavior. Brophey's innovative technique rethinks the way we categorize dogs, and distills information from over twenty scientific disciplines into four comprehensive elements: learning, environment, genetics, and self. With revolutionary tips for specific dog breeds, this book will change the life of every dog owner and lead to happier human-canine relationships.

Introduces the theory that a dog's behavior and emotion are driven by human emotion and dogs can be used to help their owners get in touch with their own feelings.
