superpower. With the stunning discovery that enhanced Soviet-made suitcase nukes have been secreted in America's major cities, President Jack Rutledge gathers his National Security Council to weigh the feasibility of a first strike against the Russian Federation. There's only one problem. For over two decades, the Russians have been funnelling international aid money into a top secret air defence system, which has just been brought on-line and which will render any conventional attack upon their country utterly ineffective. After exhausting all of his other options, and with Soviet sleeper agents preparing to detonate their deadly payloads across the United States, the president turns to the nation's final hope, ex-Navy SEAL and Secret Service Agent Scot Harvath. As high-voltage and timely as they come,
