Rumi was a messenger of truth with high clarity of vision. The only way we can truly honor him is to be as truthful and clear about his life as possible. To cover up or sweep certain parts of his history under a fine Persian rug is a crime against the love, respect and admiration that we have for Rumi. Rumi deserves only the truth.

From the premier interpreter of Rumi comes the first definitive one-volume collection of the enduringly popular spiritual poetry by the extraordinary thirteenth-century Sufi mystic.

The Sufi mystic and poet Jalaluddin Rumi is most beloved for his poems expressing the ecstasies and mysteries of love in all its forms—erotic, platonic, divine—and Coleman Barks presents the best of them in this delightful and inspiring collection. Rendered with freshness, intensity, and beauty as Barks alone can do, these startling and rich poems range from the "wholeness" one experiences with a true lover, to the grief of a lover's loss, and all the states in between: from the madness of sudden love to the shifting of a romance to deep friendship to the immersion in divine love. Rumi, the ultimate poet of love, explores all "the magnificent regions of the heart," and he opens you to the lover within. Coleman Barks has made this medieval, Persian-born (present-day Afghanistan) poetic and spiritual genius the most popular poet in America today. This seductive volume reveals Rumi's charms and depths more than any other.

A collection of never-before-translated poems by the widely beloved medieval Persian poet Rumi. Rumi (1207-1273) was trained in Sufism--a mystic tradition within Islam--and founded the Sufi order known to us as the Whirling Dervishes, who use dance and music as part of their spiritual devotion. Rumi's poetry has long been popular with contemporary Western audiences because of the way it combines the sacred and the sensual, describing divine love in rapturously human terms. However, a number of Rumi's English translators over the past century were not speakers of Persian and they based their sometimes very free interpretations on earlier translations. With Western audiences in mind, translators also tended to tone down or leave out elements of Persian culture and of Islam in Rumi's work, and hundreds of the prolific poet's works were never made available to English speakers at all. In this new translation -- composed almost entirely of untranslated gems from Rumi's vast oeuvre -- Brad Gooch and Maryam Mortaz aim to achieve greater fidelity to the originals while still allowing Rumi's lyric exuberance to shine.

From Madonna to Deepak Chopra, celebrities have been recording and embracing Rumi's poetry for the past two decades, creating a resurgence of interest in this 14th century Sufi mystic. Rumi's Little Book of Life is a beautiful collection of 196 poems by Rumi, previously unavailable in English. Translated by native Persian speakers, Maryam Mafi and Azima Melita Kolin, this collection will appeal to Rumi lovers everywhere. This collection of mystical poetry focuses on one of life's core issues: coming to grips with the inner life. During the course of life, each of us is engaged on an inner journey. Rumi's Little Book of Life is a guidebook for that journey. The poetry is a companion for those who consciously enter the inner world to explore the gardens within--out of the everyday "world of dust"--through an ascending hierarchy that restores one's soul to the heart; the heart of the spirit; and in finding spirit, transcending all.

Rumi the Persian poet is widely acknowledged as being the greatest Sufi mystic of his age. He was the founder of the brotherhood of the Whirling Dervishes. This is a collection of his poetry.

Philip Pullman, author of 'His Dark Materials' trilogy, has remarked that "after nourishment, shelter, and companionship, stories are the thing we need most in the world." This new collection of Rumi stories fills that need. This fresh prose translation of 105 short teaching stories by Rumi, which form the core of the six-volume Masnavi, explores the hidden spiritual aspects of everyday experience. Rumi transforms the seemingly mundane events of daily life into profound Sufi teaching moments. These prose gems open the mystical portal to the world of the ancient mystic. These stories include well-known and popular tales such as "Angel of Death," "The Sufi and His Cheating Wife," "Moses and the Shepherd," "Chickpeas," and "The Greek and Chinese Painters" as well as the less commonly quoted parables: "The Basket Weaver," "The Mud Eater," and "A Sackful of Pebbles." Rumi's voice alternates between playful and authoritative, whether he is telling stories of ordinary lives or inviting the discerning reader to higher levels of introspection and attainment of transcendent values. Mafi's translations delicately reflect the nuances of Rumi's poetry while retaining the positive tone of all of Rumi's writings, as well as the sense of suspense and drama that mark the essence of the Masnavi.

A powerful personal journey to find meaning and life lessons in the words of a wildly popular 13th century poet. Rumi's inspiring and deceptively simple poems have been called ecstatic, mystical, and devotional. To writer and activist Melody Moezzi, they became a lifeline. In The Rumi Prescription, we follow her path of discovery as she translates Rumi's works for herself - to gain wisdom and insight in the face of a creative and spiritual roadblock. With the help of her father, who is a lifelong fan of Rumi's poetry, she immerses herself in this rich body of work, and discovers a 13th-century prescription for modern life. Addressing isolation, distraction, depression, fear, and other everyday challenges we face, the book offers a roadmap for living with intention and ease, and embracing love at every turn--despite our deeply divided and chaotic times. Most of all, it presents a vivid reminder that we already have the answers we seek, if we can just slow down to honor them. • You went out in search of gold far and wide, but all along you were gold on the inside. • Become the sky and the clouds that create the rain, not the gutter that carries it to the drain. • You already own all the sustenance you seek. If only you'd wake up and take a peek. • Quit being a drop. Make yourself an ocean.

Jelalludin Rumi (1207-1273) led the quiet life of an Islamic teacher in the central Anatolia (modern Turkey) until the age of thirty-seven, when he met a wandering dervish named Shams Tabriz—through whom he encountered the Divine Presence in a way that utterly transformed him. The result of this epiphany was the greatest body of mystical poetry the world has ever seen, and the establishment of a spiritual movement that would eventually stretch from Africa to China, enduring to our own day. This collection of versions of Rumi by Andrew Harvey contains some of the master's most luminous verse, along with selections from his lesser-read prose works, with the aim of presenting a balanced view of his teaching that includes both the high-flying love of God and the rigorous path of discipline essential for those who seek it.

Over 100 of Rumi's most passionate lyrics include "The Children of Light," "The Man Who Looked Back on His Way to Hell," "The Pear-Tree of Illusion." Translated by R. A. Nicholson.
