The Cinema of Small Nations is the first major analysis of small national cinemas, comprising twelve case studies of small national - and sub national - cinemas from around the world, including Ireland, Denmark, Iceland, Scotland, Bulgaria, Tunisia, Burkina Faso, Cuba, Singapore, Taiwan, Hong Kong and New Zealand. Written by an array of distinguished and emerging scholars, each of the case studies provides a detailed analysis of the particular cinema in question, with an emphasis on the last ...

The Cinema of Small Nations offers us a rich overview of what this very important but underappreciated phenomenon might mean. How do films get produced and, under the sign of various national cultures, attached to states that are on the small side, geographically, demographically, and politically?

~~The Cinema of Small Nations - Edinburgh University Press~~

The contradictory pressures to engage simultaneously in processes of globalisation and national building in turn informs the operations of small national cinemas where participation in the global market place frequently co-exists with the promotion and nurturing of local film-makers and industries and the facilitation of cultural expression.
