This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. The sixth season of the fantasy drama television series Game of Thrones premiered on HBO on April 24, 2016, and concluded on June 26, 2016. It consists of ten episodes, each of approximately 50–60 minutes, largely of original content not found in George R. R. Martin's A Song of Ice and Fire series. Some material is adapted from the upcoming sixth novel The Winds of Winter and the fourth and fifth novels, A Feast for Crows and A Dance with Dragons. The series was adapted for television by David Benioff and D. B. Weiss. HBO ordered the season on April 8, 2014, together with the fifth season, which began filming in July 2015 primarily in Northern Ireland, Spain, Croatia, Iceland and Canada. Each episode cost over \$10 million. This book has been derived from Wikipedia: it contains the entire text of the title Wikipedia article + the entire text of all the 593 related (linked) Wikipedia articles to the title article. This book does not contain illustrations. e-Pedia (an imprint of e-artnow) charges for the convenience service of formatting these e-books for your eReader. We donate a part of our net income after taxes to the Wikimedia Foundation from the sales of all books based on Wikipedia content.

This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. Captain America: Civil War is a 2016 American superhero film based on the Marvel Comics character Captain America, produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures. It is the sequel to 2011's Captain America: The First Avenger and 2014's Captain America: The Winter Soldier, and the thirteenth film of the Marvel Cinematic Universe (MCU). The film is directed by Anthony and Joe Russo, with a screenplay by Christopher Markus & Stephen McFeely, and features an ensemble cast, including Chris Evans, Robert Downey Jr., Scarlett Johansson, Sebastian Stan, Anthony Mackie, Don Cheadle, Jeremy Renner, Chadwick Boseman, Paul Bettany, Elizabeth Olsen, Paul Rudd, Emily VanCamp, Tom Holland, Frank Grillo, William Hurt, and Daniel Brühl. In Captain America: Civil War, disagreement over international oversight of the Avengers fractures them into opposing factions—one led by Steve Rogers and the other by Tony Stark. This book has been derived from Wikipedia: it contains the entire text of the title Wikipedia article + the entire text of all the 634 related (linked) Wikipedia articles to the title article. This book does not contain illustrations.

In a universe full of superheroes, Lois Lane has fought for truth and justice for over 75 years on page and screen without a cape or tights. From her creation by Jerry Siegel and Joe Shuster in 1938 to her forthcoming appearance in Batman v Superman: Dawn of Justice in 2016, from helming her own comic book for twenty-six years to appearing in animated serials, live-action TV shows, and full-length movies, Lois Lane has been a paragon of journalistic integrity and the paramour of the world's strongest superhero. But her history is one of constant tension. From her earliest days, Lois yearned to make the front page of the Daily Planet, but was held back by her damsel-in-distress role. When she finally became an ace reporter, asinine lessons and her tumultuous romance with Superman dominated her storylines for decades and relegated her journalism to the background. Through it all, Lois remained a fearless and ambitious character, and today she is a beloved icon and an inspiration to many. Though her history is often troubling, Lois's journey, as revealed in Investigating Lois Lane, showcases her ability to always escape the gendered limitations of each era and of the superhero genre as a whole.

A chronological listing of the creative output and other antics of the members of the British comedy group Monty Python, both as a group and individually. Coverage spans between 1969 (the year Monty Python's Flying Circus debuted) and 2012. Entries include television programs, films, stage shows, books, records and interviews. Back matter features an appendix of John Cleese's hilarious business-training films; an index of Monty Python's sketches and songs; an index of Eric Idle's sketches and songs; as well as a general index and selected bibliography.

A forty-year history of the largest circulated magazine in the United States reveals TV Guide's erratic stances on social issues and chronicles how the publication moved from an industry watchdog to a more commercial, popular format.

This is the first ever compilation on Internet television and provides details of 405 programs from 1998 to 2013. Each entry contains the storyline, descriptive episode listings, cast and crew lists, the official website and comments. An index of personnel and programs concludes the book. From Barry the Demon Hunter to Time Traveling Lesbian to Hamilton Carver, Zombie P.I., it is a previously undocumented entertainment medium that is just now coming into focus. Forty-eight photos accompany the text.

This new book by the well-known anthropologists Jean and John L. Comaroff explores the global preoccupation with criminality in the early twenty-first century, a preoccupation strikingly disproportionate, in most places and for most people, to the risks posed by lawlessness to the conduct of everyday life. Ours in an epoch in which law-making, law-breaking, and law-enforcement are ever more critical registers in which societies construct, contest, and confront truths about themselves, an epoch in which criminology, broadly defined, has displaced sociology as the privileged means by which the social world knows itself. They also argue that as the result of a tectonic shift in the triangulation of capital, the state, and governance, the meanings attached to crime and, with it, the nature of policing, have undergone significant change; also, that there has been a palpable muddying of the lines between legality and illegality, between corruption and conventional business; even between crime-and-policing, which exist, nowadays, in ever greater, hyphenated complicity. Thinking through Crime and Policing is, therefore, an excursion into the contemporary Order of Things; or, rather, into the metaphysic of disorder that saturates the late modern world, indeed, has become its leitmotif. It is also a meditation on sovereignty and citizenship, on civility, class, and race, on the law and its transgression, on the political economy of representation.

Not all original works invoke the encore impulse in their audiences. Those that do generally spawn replications - sequels, spin-offs, or re-makes. This book presents a theory of why some replications succeed and others fail across genres and media.
