A compendium of straightforward techniques on how to accentuate the positive and redirect the negative, increasing productivity at work and at home. What do your people at work and your spouse and kids at home have in common with a five-ton killer whale? Probably a whole lot more than you think, according to top business consultant and mega-bestselling author Ken Blanchard and his coauthors from SeaWorld. In this moving and inspirational new book, Blanchard explains that both whales and people perform better when you accentuate the positive. He shows how using the techniques of animal trainers -- specifically those responsible for the killer whales of SeaWorld -- can supercharge your effectiveness at work and at home. When gruff business manager and family man Wes Kingsley visited SeaWorld, he marveled at the ability of the trainers to get these huge killer whales, among the most feared predators in the ocean, to perform amazing acrobatic leaps and dives. Later, talking to the chief trainer, he learned their techniques of building trust, accentuating the positive, and redirecting negative behavior -- all of which make these extraordinary performances possible. Kingsley took a hard look at his own often accusatory management style and recognized how some of his shortcomings as a manager, spouse, and father actually diminish trust and damage relationships. He began to see the difference between "GOTcha" (catching people doing things wrong) and "Whale Done!" (catching people doing things right). In Whale Done!, Ken Blanchard shows how to make accentuating the positive and redirecting the negative the best tools to increase productivity, instead of creating situations that demoralize people. These techniques are remarkably easy to master and can be applied equally well at home, allowing readers to become better parents and more committed spouses in their happier and more successful personal lives.

A dramatic, inspirational story that shows how to supercharge your effectiveness at work and at home using the positive, trust-building techniques learned from training killer whales.

Offers five simple and effective principles for coping with any parenting challenge • Based on actual killer whale training techniques • Story format makes this an unusual and entertaining approach for a parenting book "How is it they can get a killer whale to urinate on cue, and we can't get our son to pee into the toilet?" Most parents feel frustrated with their children from time to time, but killer whale trainer-in-training Amy Sheldrake has a unique perspective. She marvels at the complex behaviors her superiors are able to coax out of these enormous beasts, while she and her husband struggle to make their beloved -- and much smaller -- son Josh obey what seem like the simplest rules. What does training killer whales have to do with raising children? As this engrossing and unique parenting fable shows, more than you'd think. In their New York Times bestseller Whale Done, Ken Blanchard and his coauthors -- including two veteran marine mammal trainers -- showed how positive training concepts used at places like SeaWorld could be adapted to the workplace. In this new book they apply these same principles to parenting. Once Amy and Matt get the hang of the five Whale Done principles, they see a dramatic difference in overcoming challenges like following bedtime routines, dealing with tantrums, introducing new foods, sharing, avoiding overuse of the word no, learning to care for a pet, and instituting time-outs. The foundation of the Whale Done approach is respect. It emphasizes communication and praise rather than obedience and punishment -- this is not some Pavlovian primer. Whale Done is much more than a set of techniques; it is a way of looking at people and seeing the best that is in them. Great leaders, saints, and sages have developed this skill. Since most of us are less advanced than those paragons, this book can serve as a guide for how to bring out the best in our children.

THE WHALE DONE SCHOOL is the third in the Whale Done! series, focusing the proven power of positive attention on the process of educating children. Based on an actual school-turnaround story, the fable demonstrates how students' behavior and academic performance improves dramatically when teachers systematically employ the science of training killer whales -- i.e., building trust, giving lots of attention to what their students do right, and redirecting wrong behavior to positive outcomes.

How can you become a more successful manager, a stronger team leader and a motivator who gets the best results from a group? Ken

Blanchard's inspiring new book provides the answer. In a beguiling, sometimes humorous fashion, THE LEADERSHIP PILL conjures up a tantalizing possibility: What if there was a pill that could stimulate the natural powers of the mind and body to provide leadership? In the story, an amazing new pill heightens one leader's powers, but contains the wrong ingredients, stimulating him in a short-sighted direction. He is coercive, obsessed with immediate results and drives his team relentlessly until, after a brief spike in performance, they suffer early burnout. In contrast, the 'Effective Leader', working without a pill, inspires and supports his team. He supplies the right ingredients, earning the respect and trust of his team with a blend of integrity, partnership and affirmation. Ultimately it is recognised that there is more to effective leadership than a wonder 'pill'. Destined to be a transforming experience for thousands of readers, THE LEADERSHIP PILL shows how to apply the right techniques, no matter how pressured a business situation.

Uses the success of the world's largest restaurant chain to explain how a company of any size can develop a unified, people first, customer-oriented approach to doing business.

Named a Best Book of 2018 by the Financial Times and Fortune, this "thrilling" (Bill Gates) New York Times bestseller exposes how a "modern Gatsby" swindled over \$5 billion with the aid of Goldman Sachs in "the heist of the century" (Axios). Now a #1 international bestseller, BILLION DOLLAR WHALE is "an epic tale of white-collar crime on a global scale" (Publishers Weekly, starred review), revealing how a young social climber from Malaysia pulled off one of the biggest heists in history. In 2009, a chubby, mild-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude--one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund--right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like The Wolf of Wall Street. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. BILLION DOLLAR WHALE has joined the ranks of Liar's Poker, Den of Thieves, and Bad Blood as a classic harrowing parable of hubris and greed in the financial world.
